

Fireman Preschool Pack

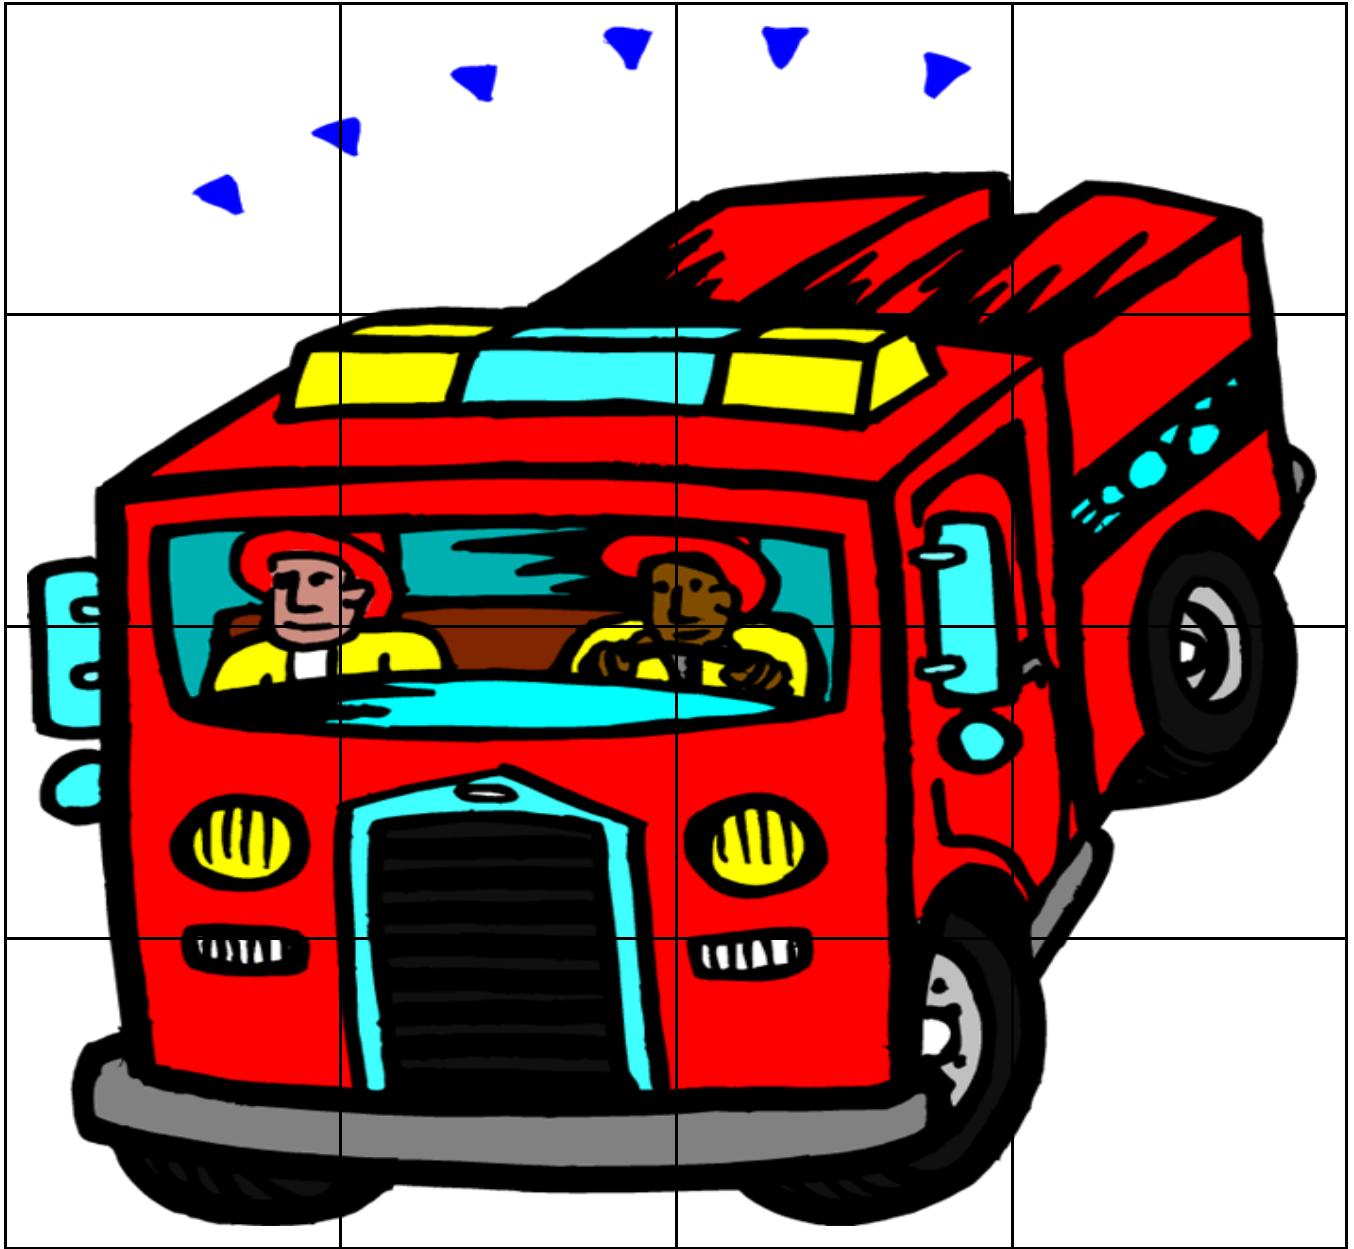

This pack contains early learning printables to use with your toddler or preschooler when studying about firemen. I would highly recommend printing the activities onto cardstock so that they are sturdier for younger hands.

Printables for this lapbook/folder include:

- 16 piece fire truck puzzle
- Create-a-pattern {as simple or difficult as you like}
- Shadow matching ~ Match the item to the shadow image
- Fire Hydrant Colors ~ Color name recognition and reading
- Fireman Words Cards
- Spelling My Name ~ work on name recognition & spelling
- Count the Dalmatian's spots ~ Matching cards from 1-10
- Fire man coloring sheet

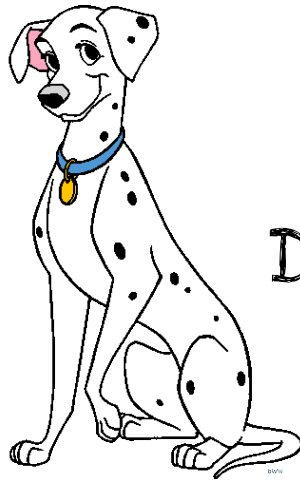

Please feel free to print this pdf file for your own personal use. They were created for private and non-profit use. Please do not sell or host these files anywhere else.

Making Patterns

Cut out the firemen and the extinguishers and make different patterns. Patterns can be a simple ABAB pattern {fireman, extinguisher, fireman, extinguisher} or harder AABAAB {fireman, fireman, extinguisher}, etc.

Cut out the firemen and the extinguishers and make different patterns.

Have your child {or you} write each of the letters from his/her name on each square and then put in the correct order.
