Country Flag Cards

These cards are designed to help your child learn the flags of various countries. There are 35 countries represented based on the countries that are studied in Galloping the Globe {with a few extras thrown in}. :)

Use the cards to play as a 'memory' matching game {just print off two sets of flag cards}. The set also contains 6 cards that represent the 6 of the 7 continents {Antarctica is excluded} so the cards can also be sorted by the continent the country flag belongs to. Country name cards are also included for your child to match the names of the countries with the appropriate flag.

Print the sheets, cut and then laminate to make them more sturdy for younger children.

Just in case you aren't sure which flag belongs where {which ★ahem★ I'm not either}, there is a key at the end of the document that sorts the flags by continent and country name.

Please feel free to download & print this pdf file for your own personal use. They were created for private and non-profit use. Please do not sell or host these files anywhere else.
