

# Mapping the United States

1. Find and label the United State's capital, Washington, DC, with a star.
2. Label the Pacific Ocean, the Atlantic Ocean, and the Arctic Ocean and shade them blue.
3. Label the Bering Sea, the Gulf of Mexico and the Gulf of Alaska and shade them blue.
4. Find and label Canada and color it red.
5. Find and label Mexico and color it green.
6. Find and label the Bahamas.
7. Find and label Cuba.
8. Trace the path of the Mississippi River and label it.
9. Trace the path of the Colorado River and label it.
10. Trace the path of the Ohio River and label it.
11. Shade the area of the Rocky Mountains and the Appalachian Mountains.
12. If you live in the US, color the state that you live in yellow.
