Ocean Preschool Pack {Part 2}

Thanks so much for stopping by my site and downloading this file. I hope that you and your child have MUCH fun together using this free resource! You can find all of my files and links for this unit on this webpage:

http://homeschoolcreations.com/oceanpreschoolpack.html

This pack contains early learning printables to use with your toddler or pre-schooler when studying about the ocean. The vocabulary words were taken from the book Under the Sea by Anna Milbourne. I would highly recommend printing the activities from this set onto cardstock so that they are sturdier for younger hands.

Carisa from 1+1+1=1 has created a fun Under the {Girly} Sea Preschool Pack that would be a great go-along too with this unit!

If you would like to share, please share a link to my blog or to the page that hosts these files. **Please do not link directly to just the PDF files** (the link you are at now). Please feel free to print this pdf file for your own personal use. They were created for private and non-profit use. Please do not sell or host these files anywhere else.
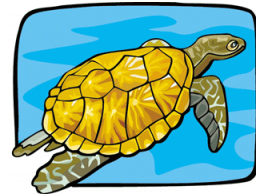

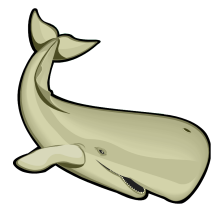

# In the Ocean

What can I see in the ocean?

I may see a fish or a sea turtle.

Coral reef would be pretty. I

would only want to see a whale

if I were inside a submarine.

Find the Words
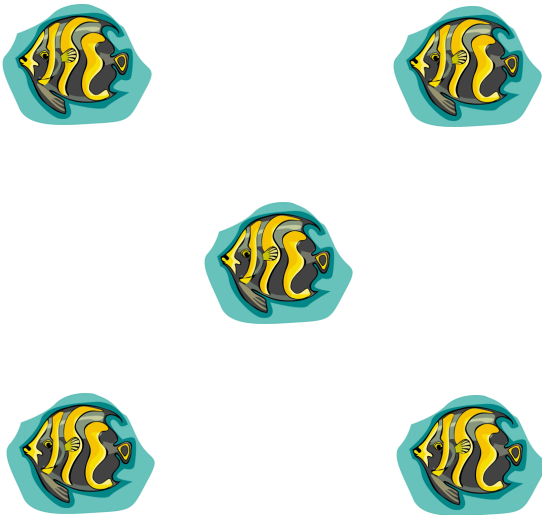

Can you find these words in the story that you read?

What	I	ocean
fish	in	a
may	the	sea
be	want	would
see	were	can

Print, laminate and cut out. Have your child either clip a clothespin to the correct number or use a dry erase marker to circle the correct number.

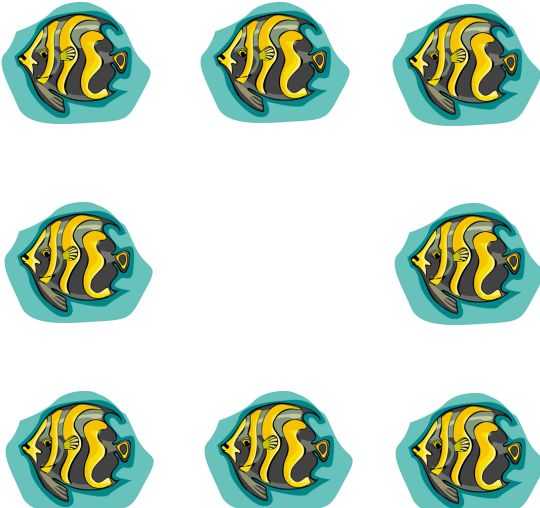

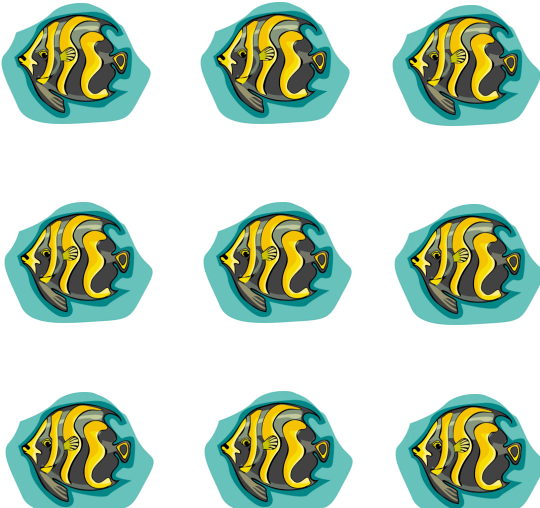

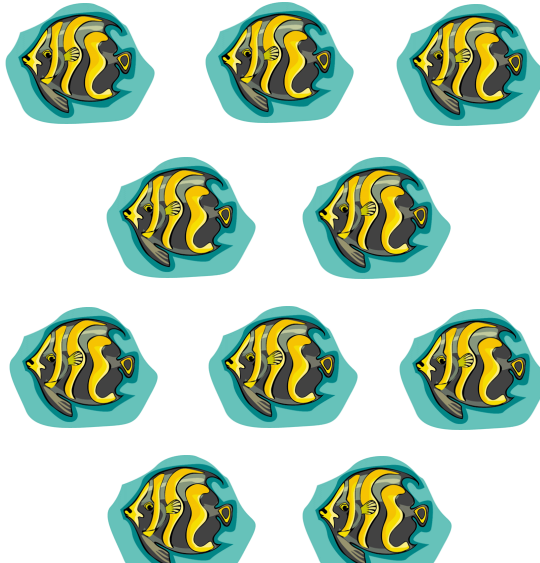

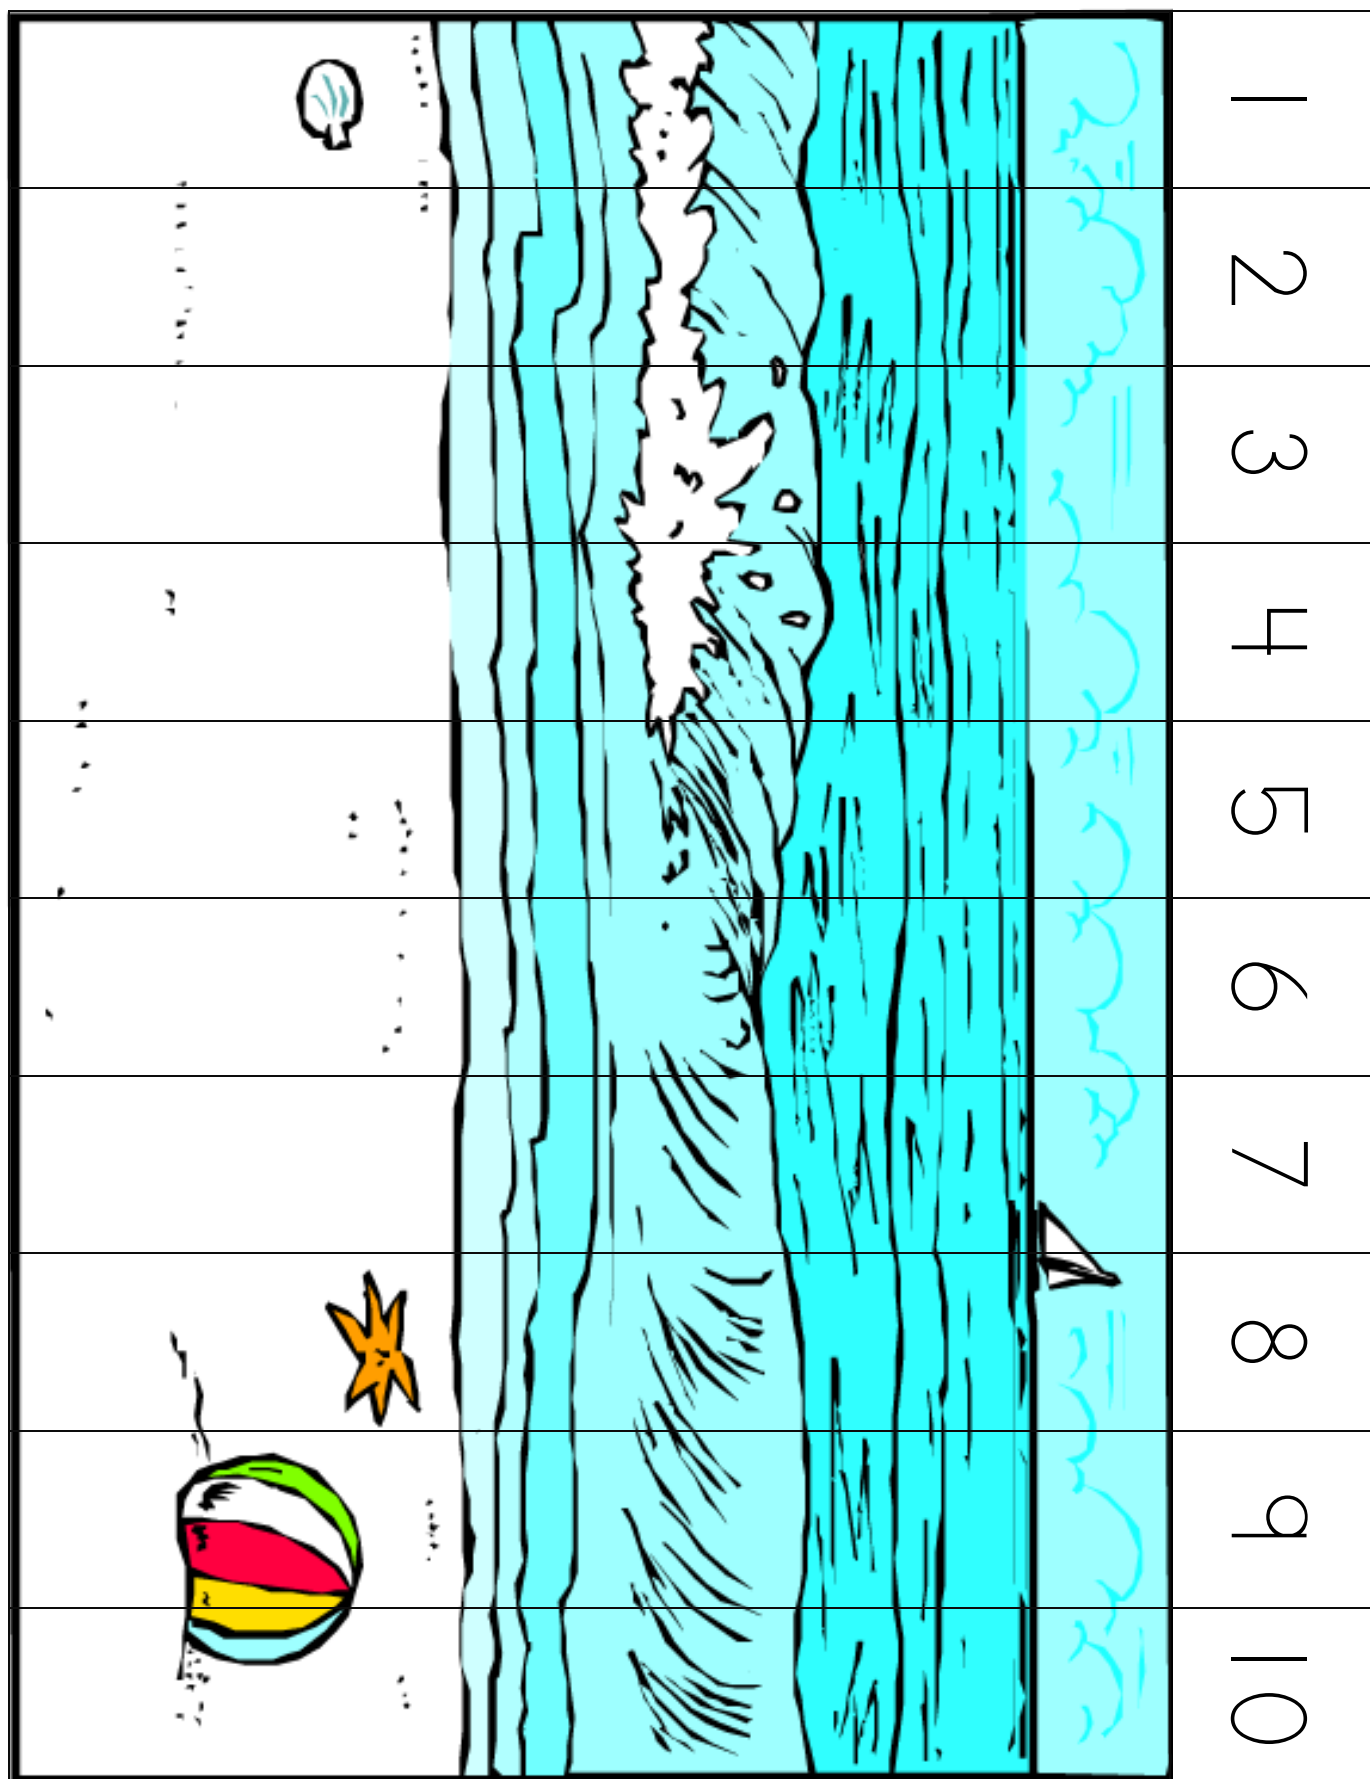

9	0	3

7	4	1

2	6	5

1	3	8

Print, laminate and cut out. Have your child either clip a clothespin to the correct number or use a dry erase marker to circle the correct number.

9	2	4

5	3	0

9	6	7

5	8	7

Print, laminate and cut out. Have your child either clip a clothespin to the correct number or use a dry erase marker to circle the correct number.

8	10	3

| 2	9	6

0	1	10

Print and cut apart puzzle pieces. Leave the numbers on so your child can practice numbering from 1-10 or cut them off and let him have fun figuring out the ocean puzzle!

Cut out the dice template below, fold on the dotted lines and tape/glue together to make dice. Have your child roll the dice and then fill in a square of the color robot that was rolled until one of the colors reaches 10!
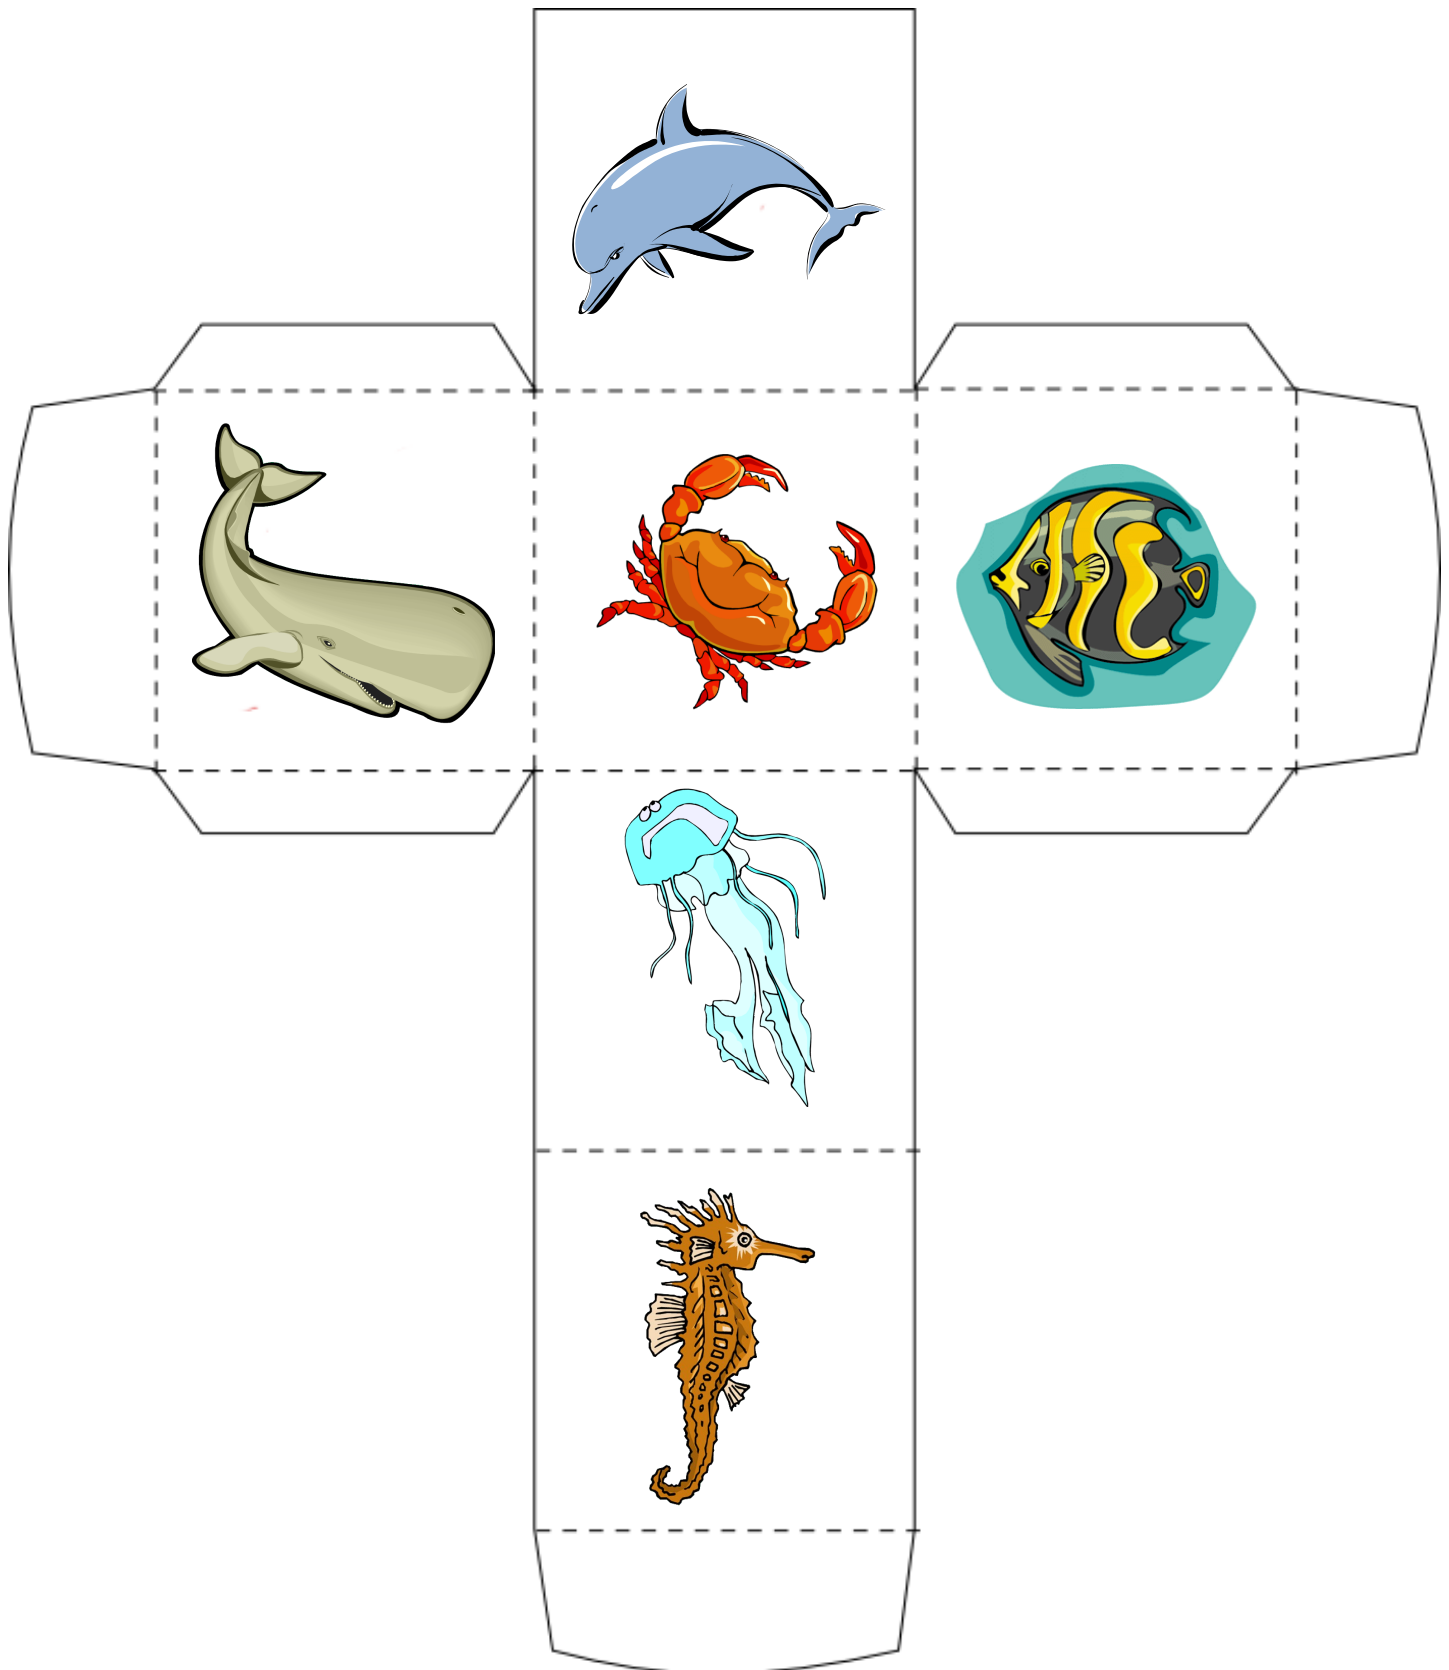

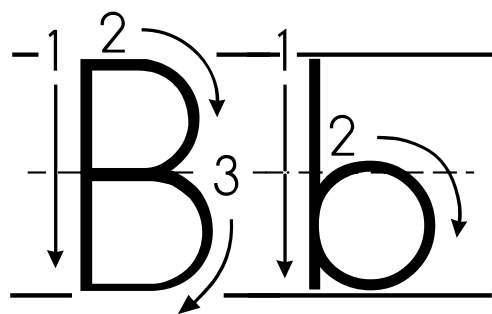

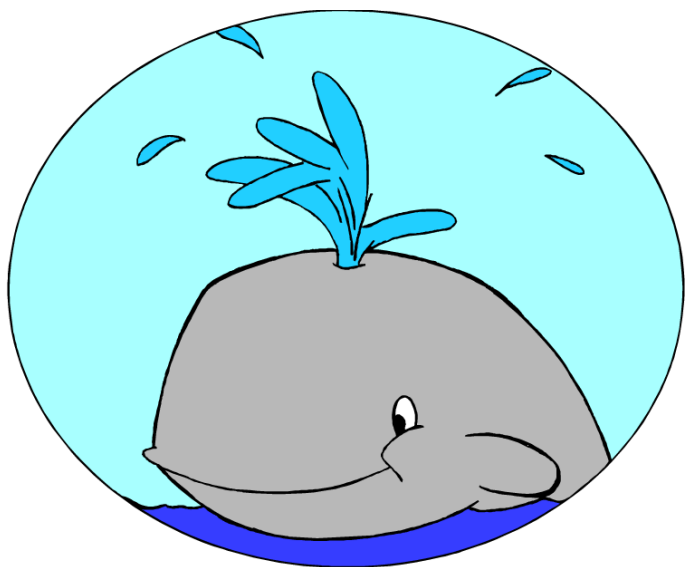

Size Sorting
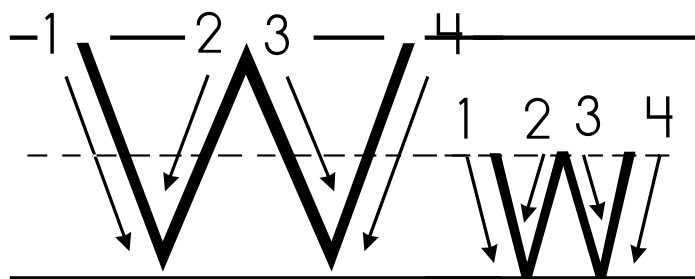

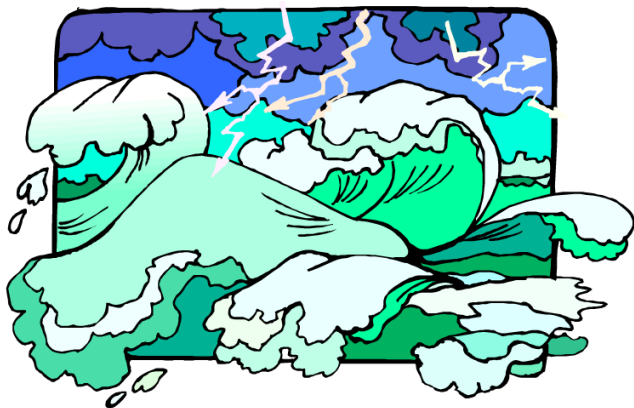

Cut out the whales below and sort them by size.
