

Pond Preschool Pack

Thanks so much for stopping by my site and downloading this file. I hope that you and your child have MUCH fun together using this free resource! There are TWO parts to this download, so be sure you get both of them.

You can find all of my files and links for this unit on this webpage:

<http://homeschoolcreations.com/pondpreschoolpack.html>

This pack contains early learning printables to use with your toddler or preschooler when studying about ponds. I would highly recommend printing the activities from this set onto cardstock so that they are sturdier for younger hands.

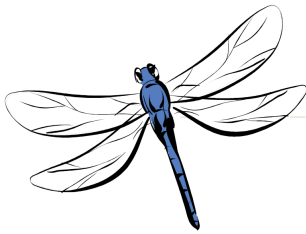

Carisa from [1+1+1=1](#) has created a fun [Pond Life Tot Pack](#) that would be a great go-along for younger children with this unit!

If you would like to share, please share a link to my blog or to the page that hosts these files. **Please do not link directly to just the PDF files** (the link you are at now). Please feel free to print this pdf file for your own personal use. They were created for private and non-profit use. Please do not sell or host these files anywhere else.

May 2011

Use the top section for your child to practice writing his/her name and add to the front of a lapbook or file folder if storing your child's work. Depending on the book that you use for your adventure, have your child summarize the book and record what they tell you. Add the mini 'book report' to the front of your folder.

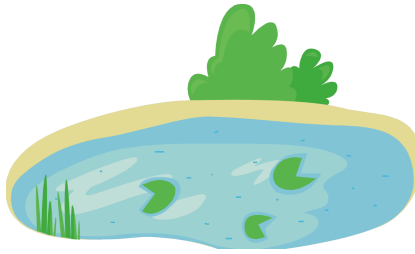

what happened in the story?

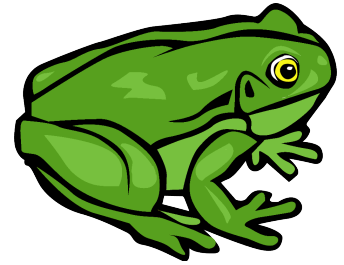

My favorite part of the book was...

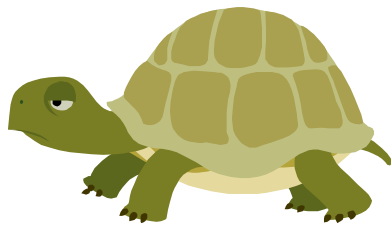

dragonfly

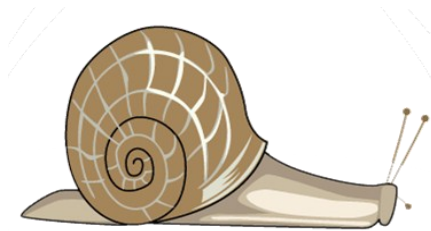

pond

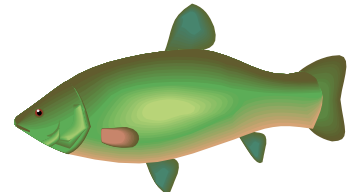

frog

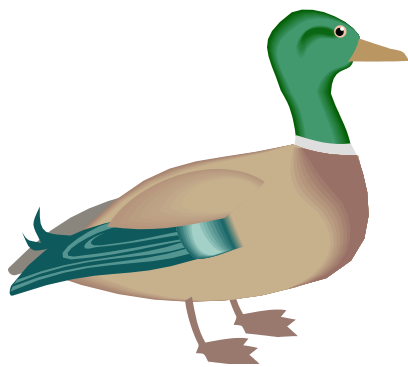

turtle

snail

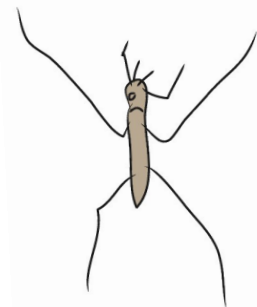

fish

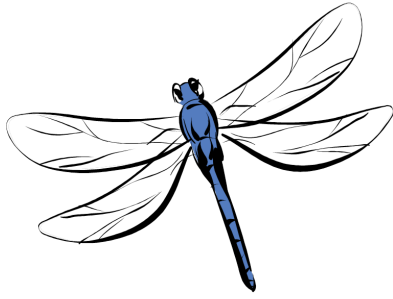

duck

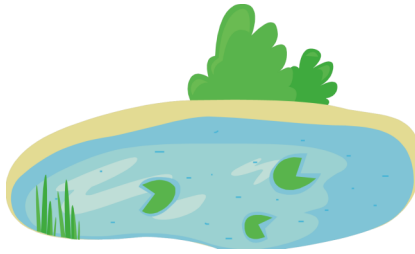

spider

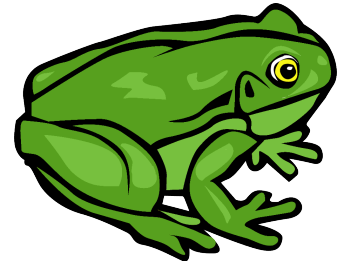

water bug

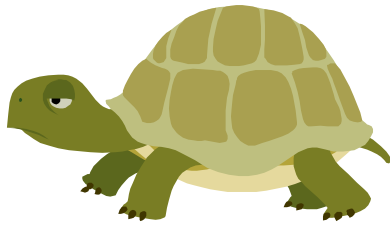

dragonfly

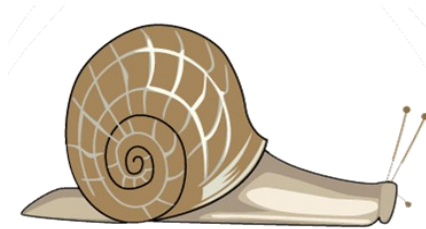

pond

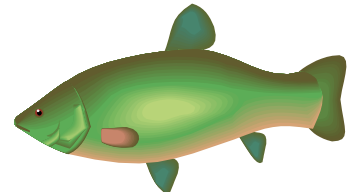

frog

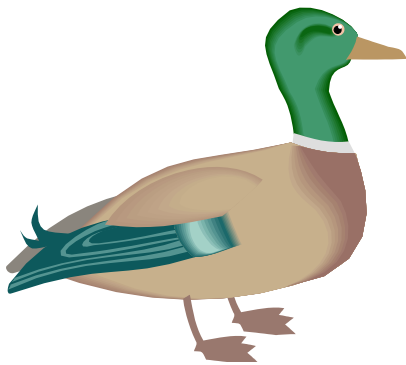

turtle

snail

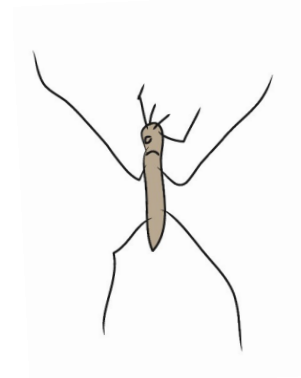

fish

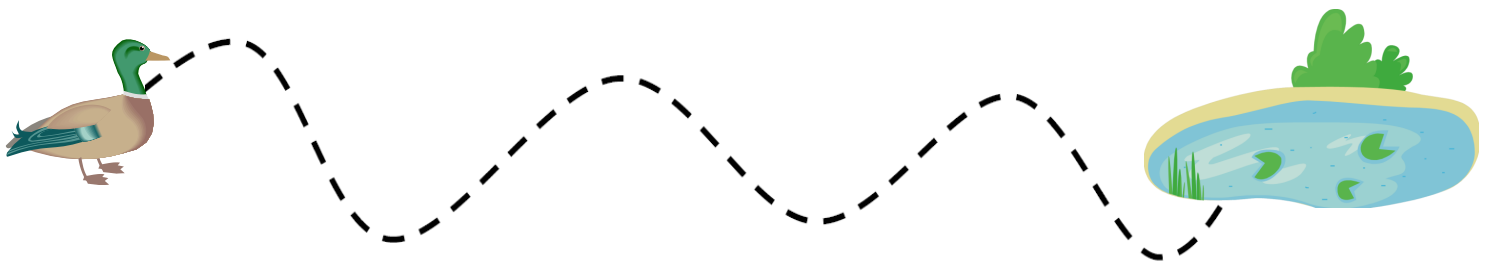

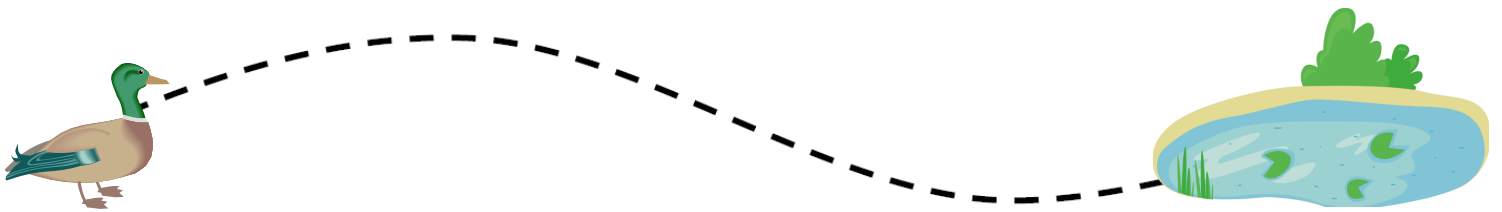

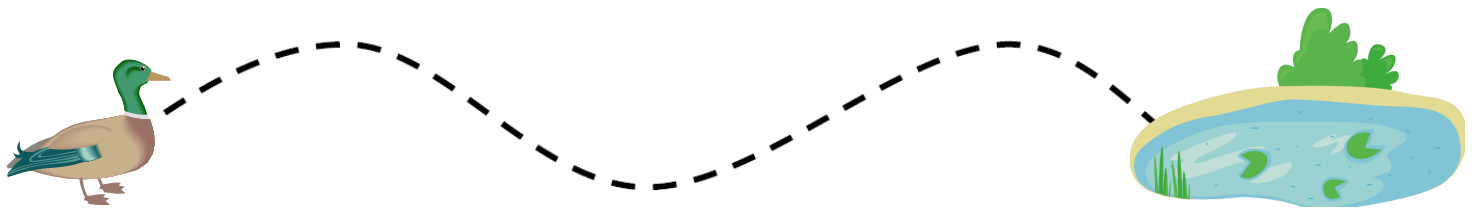

duck

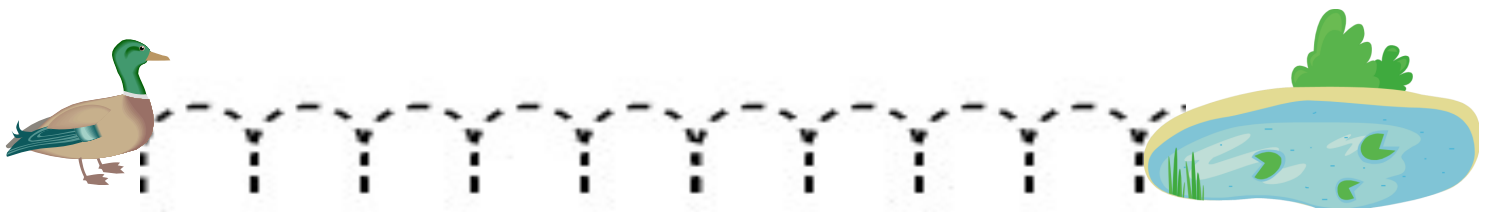

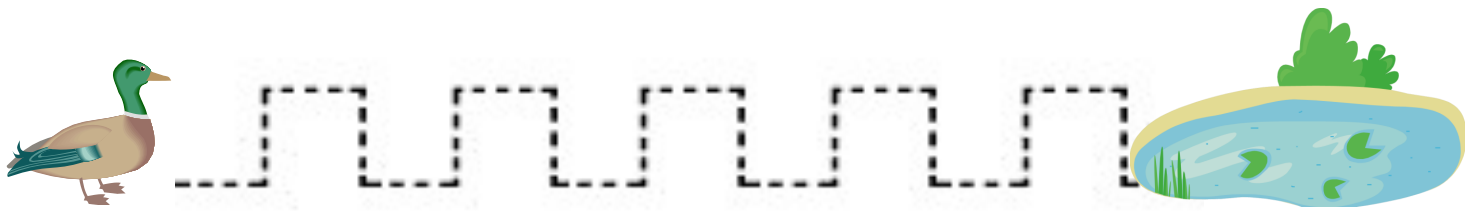

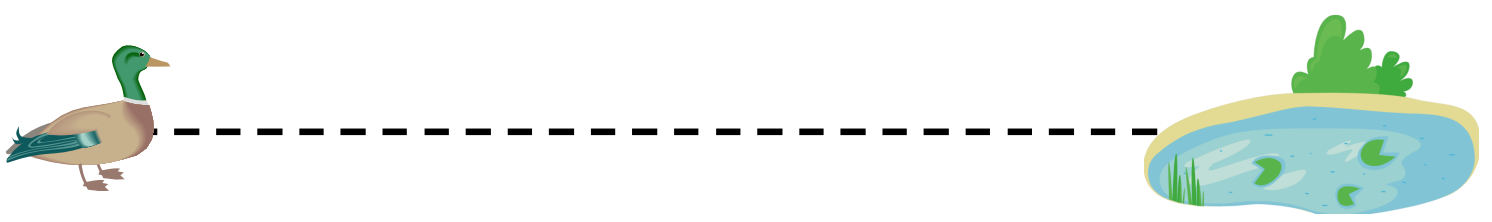

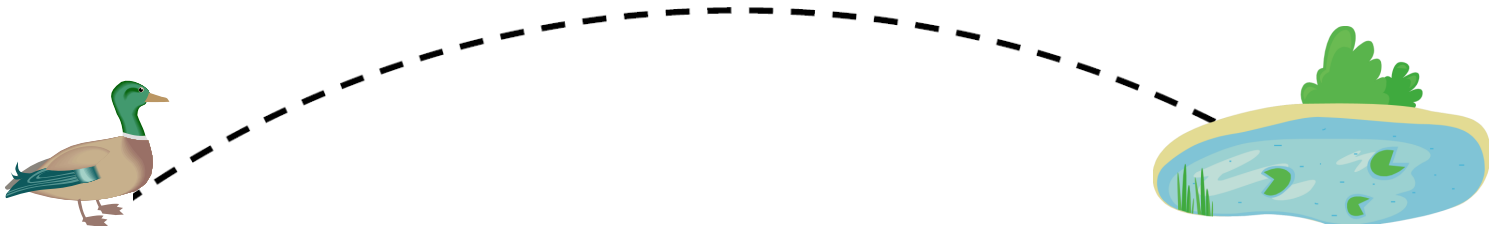

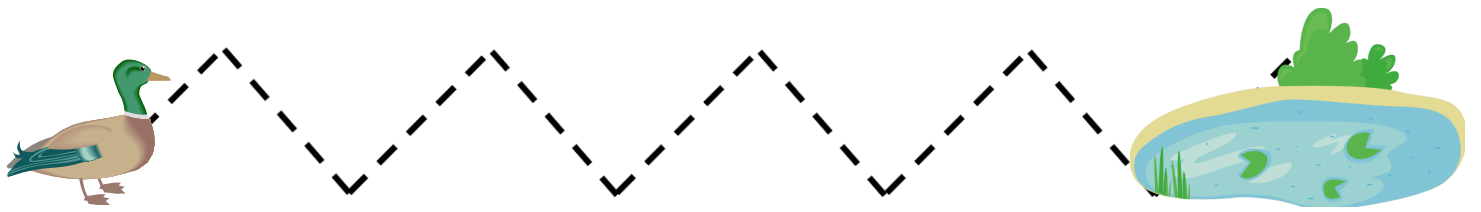

spider

water bug

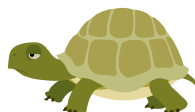

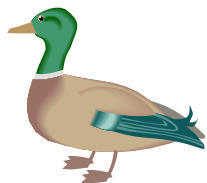

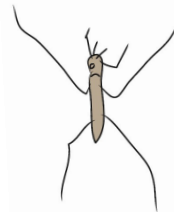

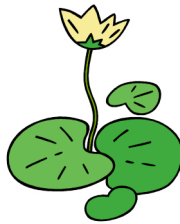

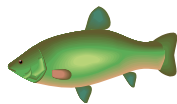

Insect

Non-Insect

Cut out the squares below and sort them by insects and non-insects.

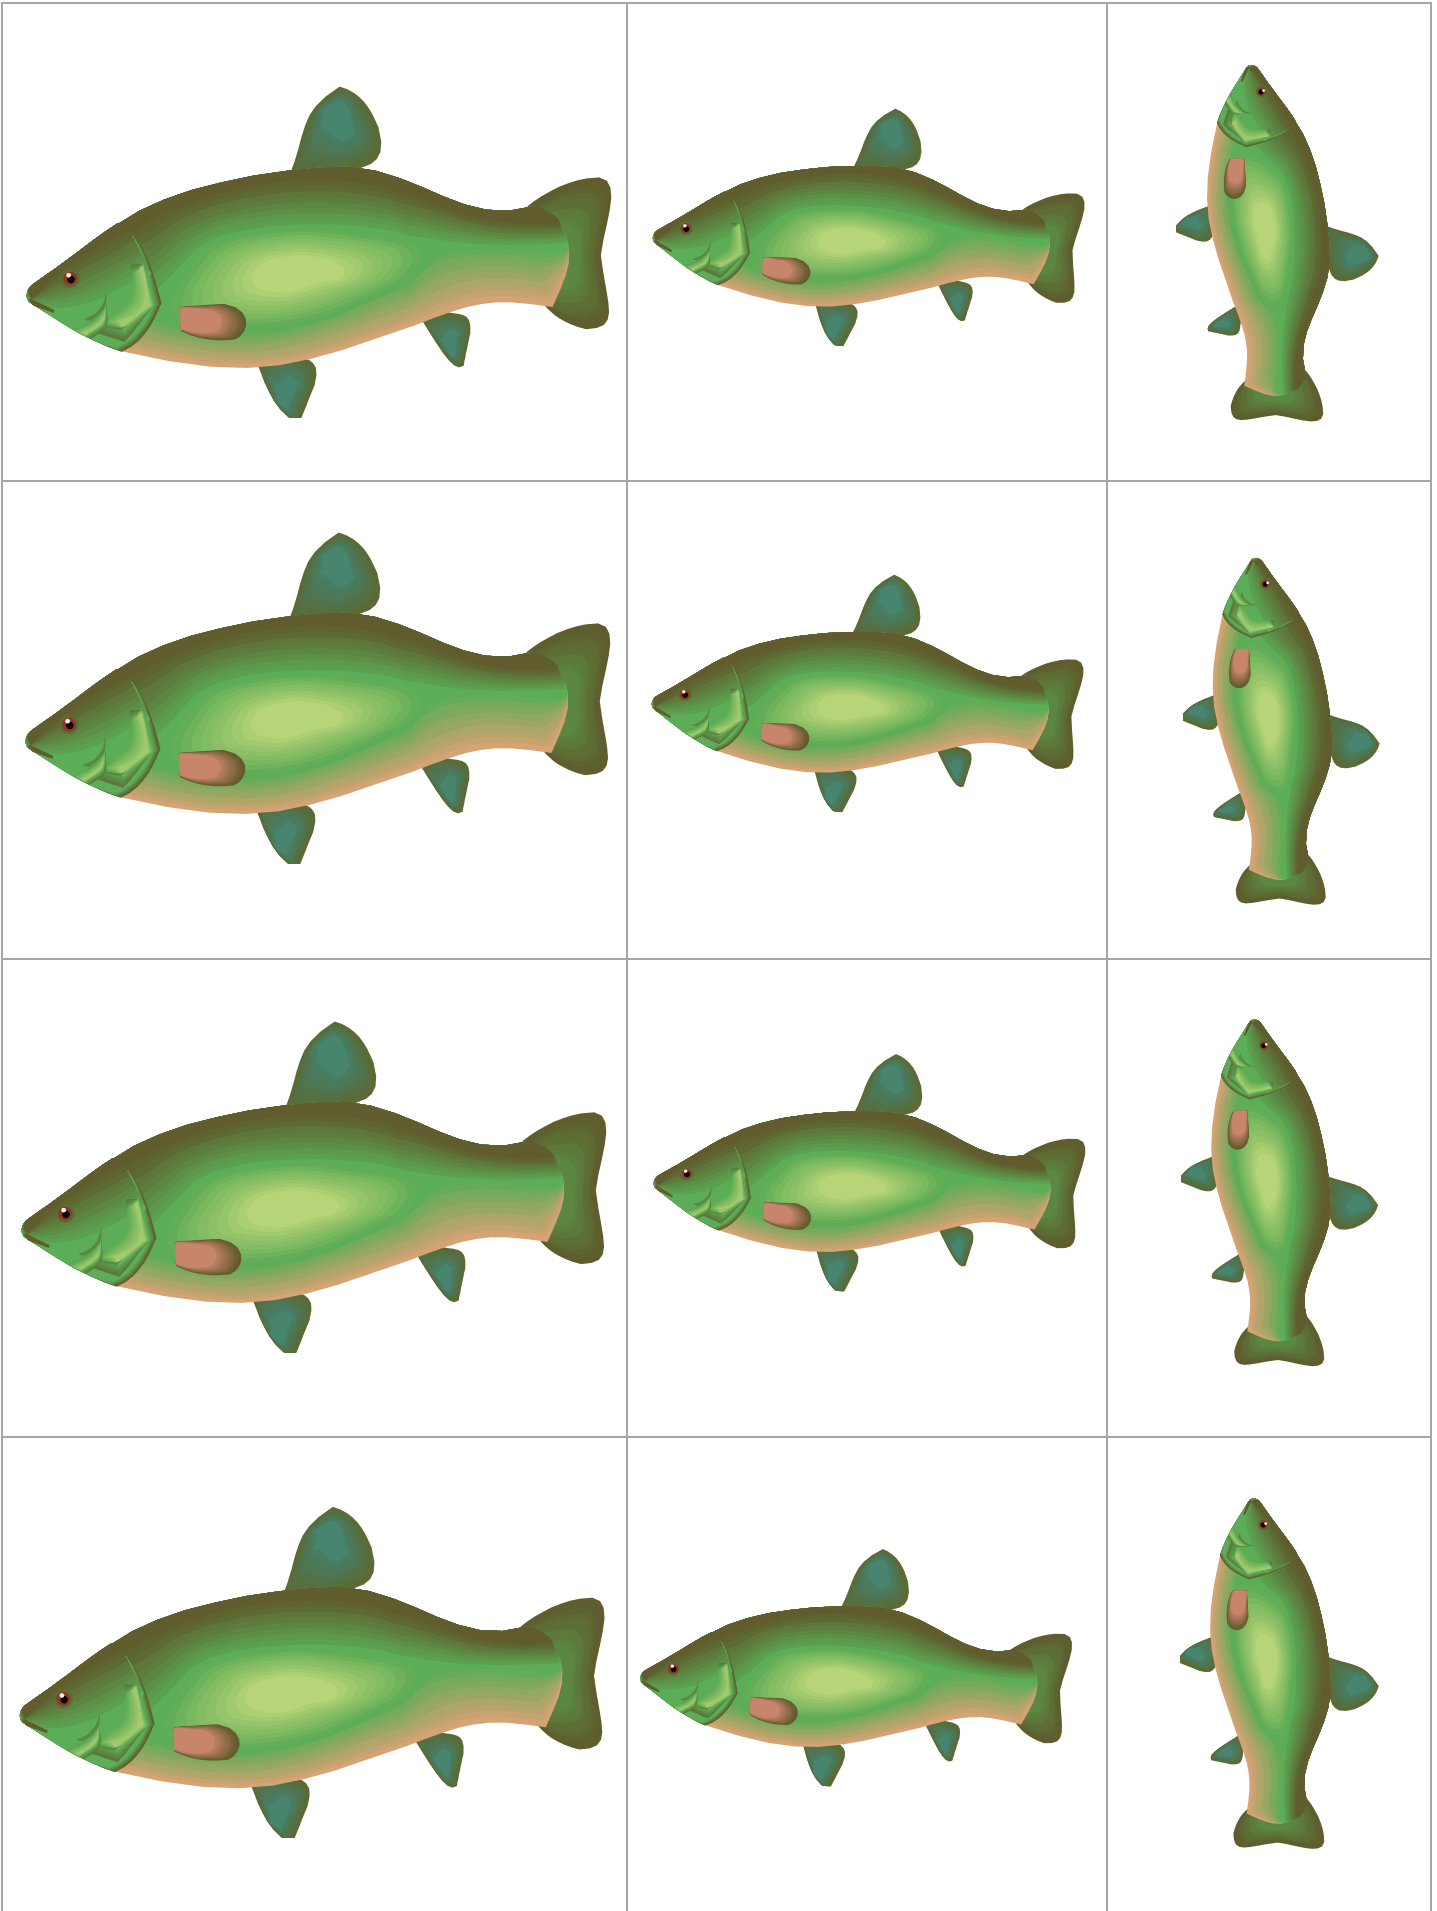

Size Sorting

Small

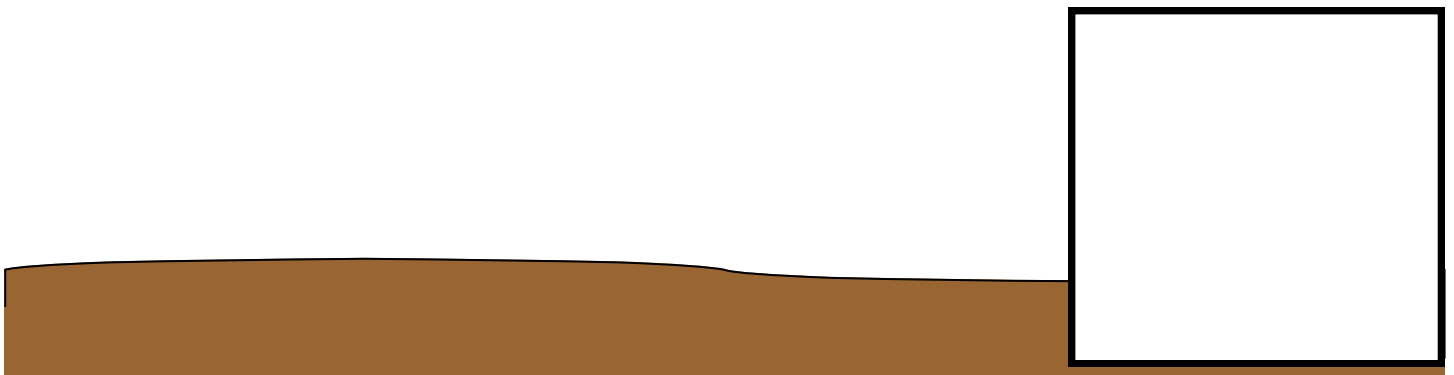

Medium

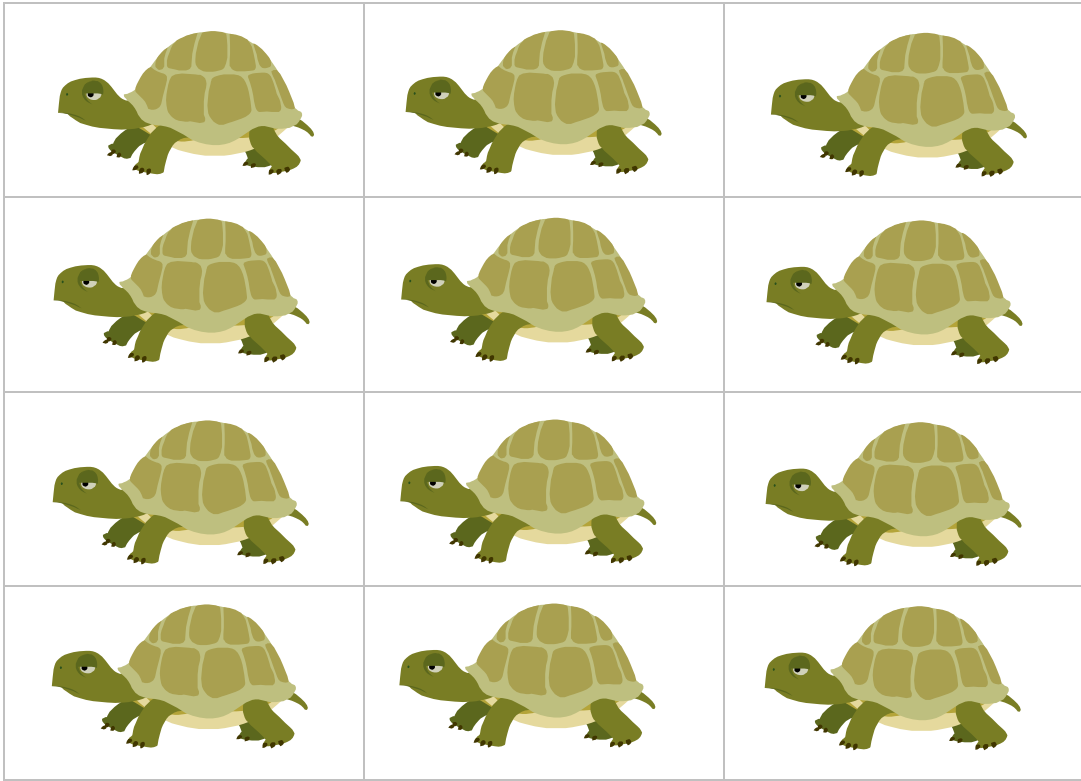

Large

--	--	--

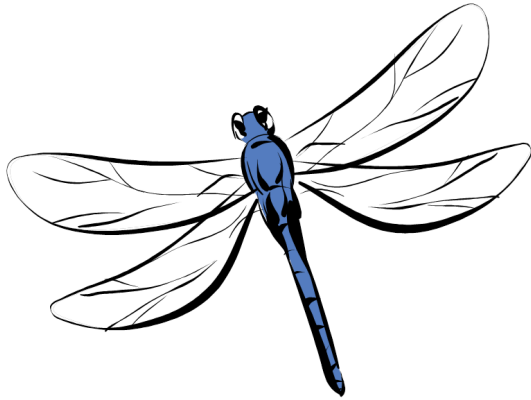

How many turtles can you stack?

1	2	3	4
5	6	7	8
9	10	11	12
