Story Details

Who are the characters in the story?

This is the setting of the story. Where does it take place?

When is also part of the setting. When or what time does the story take place?

This tells about the 'problem' or something that needs to be fixed in the story. It isn't always a bad thing.

This is the solution to the problem in the story and how it is fixed.

This is how the story is put together: the beginning, the middle, and the end.
